H. S. DEBATING SOCIETY IN PROVINCIAL CONTEST

High School Debating Society Organized. Literary Society may be Formed and Affiliated with Debating Society. First Debate will be held between Wetaskiwin and Strathcona on December 5.

A meeting of the Grade XI and XII students of the Wetaskiwin high school was held on Wednesday afternoon, November 6th, with Mr. Poole as chairman. The purpose of the meeting was to organize a debating society. The question was raised whether this society would be separate from the Literary, or a branch of it. It was decided that a separate society should be formed and the following officers were elected.

President—Jean Robinson.
Vice Pres.—Ben Parham.
Sec.—Dorothy Rietel.
It is probable that if a Literary Society is organized later on, it will be affiliated with the debating society. Mr. Poole notified the students that he had entered the Wetaskiwin high school in Class A of the debating league, for the championship of the province. Preliminary debates will be held shortly and debaters will be selected to represent the high school. Preparation is being made for the first debate which is to take place on December 5th, between Strathcona and Wetaskiwin. The subject of this debate is "Resolved, that it is in the national interests that the Canadian government should impose an export duty on pulpwood." The affirmative team will journey to Strathcona to uphold the affirmative side of the resolution, and a team from the

northern city will come to Wetaskiwin for the same purpose, the negative team remaining in the home town for the preliminary debate.

The winning teams will debate in the second round on the topic of "Resolved, that the parliamentary form of government is better than the Presidential form of government."

WILLIAMS OF LEDUC TO OPPOSE WARNER

Leduc, Nov. 11.—Eaton Williams, local magistrate, Leduc, is in the field for parliamentary honors at the next election in opposition to D. W. Warner, M.P.

WHERE DOES ALBERTA STAND

Alberta's wheat fields are 600 miles from Vancouver and 1200 miles from Port William. Present rates from Edmonton or Calgary to Port William are 15 cents a bushel, and the rates from Calgary or Edmonton to Vancouver are 13 1/2 cents a bushel.

Equalized grain rates westward would reduce the charge to Vancouver to less than 11 cents a bushel. That reduction would mean ten times more in dollars and cents to Alberta and Western Saskatchewan farmers than would the Crown rates on commodities from the east—which are causing the present fuss throughout the west. But not one word is heard from Alberta or Saskatchewan members on reduced grain rates westward.

Parliament has laid down the principle that grain should move to tide-water at preferred rates, namely, the old Crown rates. The recent order of the Railway Board did not disturb these low rates on grain to the east but there still remains the work of securing those low grain rates to Vancouver.

Where does Alberta stand with B.C. on B.C.'s fight for lower grain rates to the Pacific Coast? And what are Saskatchewan and Alberta federal members doing towards getting the low eastern grain rates put into effect on the western route? To inaugurate those grain rates westward is like putting money into the western farmers' pockets.

Have the Alberta federal members and Alberta government no interest in their own farmers' welfare, and why should British Columbia be the only champion of the Alberta farmers' rights?—Vancouver Sun.

COAL SCANDAL PROSECUTIONS ARE EXPECTED

Winnipeg, Nov. 7.—With a finding by David Campbell, K.C., that \$100,000 had been fraudulently taken from the department of militia and defence in connection with coal contracts at Winnipeg, department headquarters at Ottawa has asked the department of justice to take steps to recover this amount and to also institute action for the punishment of the parties responsible for the fraud.

This action is in line with recommendations made by David Campbell, special investigating commissioner, who recently made an exhaustive report on the matter.

NEW COMET DISCOVERED

A new comet, blazing across the sky two hours behind the sun, has been announced at the Harvard College Observatory.

It was discovered by the astronomer, P. Minner, of Bonn, Germany, on September 15, and observed a day later at Berlin, and second confirmation of it came from Lick Observatory in word that it had been observed there.

As comets go, the new comet is a big one, being of the seventh magnitude, just short of being visible to the unaided vision of the eye. The reports indicated that it was growing brighter.

OBITUARY

CARL DICKAU

The citizens of the community were shocked Wednesday morning to learn that Carl Dickau has passed away at a hospital in Edmonton at noon on Tuesday of this week. About a month ago he was advised to undergo an operation for cancer, and it was hoped that his life would be spared, but the patient did not make the recovery hoped for. He was aged fifty-two years. The remains were brought down from Edmonton on the noon train Wednesday, and the funeral will take place from the family residence on Thursday afternoon at 2:30. The interment will be in the German Baptist cemetery, about five miles west of Wetaskiwin.

LATE MRS. REDMAN BURIED AT CALGARY

Calgary, Nov. 11.—In the presence of a large number of personal friends and relatives, the funeral of the late Mrs. D. B. Redman, well known Calgary citizen, was held on Monday at the Central Methodist church. Rev. H. W. Avison, pastor of Central church, conducted the services, mentioning the noble work that Mrs. Redman had performed in many ways. Interment was made at the Burnside cemetery.

Mrs. Redman died at the Wetaskiwin hospital last Thursday afternoon after a brief illness. She had been in Edmonton visiting her sister, who had been seriously ill and was bringing her back to Calgary when she suddenly developed heart trouble on the train on Monday. She was taken to the Wetaskiwin hospital where she died on Tuesday.

She is survived by her husband and three daughters, as well as one son, Lieut.-Col. D. L. Redman, former M.P., commanding officer of the First Battalion, Calgary Highlanders.

CHECKS SENT OUT TO TOLL GROWERS PRICES ARE GOOD

Lacombe, Nov. 11.—Jesse Fraser, the secretary of the Central Alberta Wool Growers' association, Lacombe, this week sent out checks to their wool contributors being the final settlement of this year's wool clip. A total of \$9,717.37 was paid out for 16,811 pounds of wool, which netted the growers 26.23 cents a pound on the whole lot. This is considered a very good price on all grades. Some individual growers received as high as 34 cents a pound. The secretary reports there is a splendid demand for sheep.

CATTLE POOL NOW WELL UNDER WAY

The Alberta Co-operative Livestock Producers Limited, are now well under way with the establishment of the provincial cattle pool, and the next step is the signing up of the producers as members of the pool. The provisional directors met in Edmonton on October 31 and November 1, and completed the draughts of the memorandum of association, the bylaws and contract for patronage.

Under the scheme evolved, the province will be divided into seven districts, and for the purpose of securing contract signers, each director will take charge of and assume responsibility for the organization work in the district in which he resides. Detailed information regarding the territory included in the various districts will appear at a later date.

Each of the districts will be subdivided into local districts in which local shipping associations will be formed. In order to give as much flexibility as possible to the system, each local district will be made up of as many local shipping associations as possible, so that in which the head office of the local shipping association to which he belongs is situated. In this way, each contract signer can become identified with the local shipping association, whose territory includes the point from which it is most convenient for him to ship, may or may not be the place nearest his actual residence.

For the purpose of furthering the work of securing contract signers, the local shipping associations, under the F.A., of livestock shipping associations and of local wheat pool organizations.

WETASKIWIN MAYOR IS MADE VICE PRESIDENT MUNICIPALITIES UNION

Delegates to the twentieth annual convention of the Union of Alberta Municipalities on Thursday afternoon elected to the presidency of the organization for the ensuing year, Mayor Walter Huckle, of Medicine Hat last year's first vice president. He succeeded J. W. G. Morrison, of Vermilion. Other officers of the union were elected as follows:

First vice president, Mayor H. J. Montgomery, of Wetaskiwin; second vice president, J. Fitzallen, secretary treasurer of the town of Vegreville; secretary-treasurer, J. D. Saunders, secretary treasurer of Camrose; legislative committee, Mayor George Webster, of Calgary; Commissioner David Mitchell, of Edmonton; Commissioner A. T. Stephenson, of Red Deer, secretary treasurer of the town of Vegreville; executive committee, representing the cities, Aldermen J. T. J. Callison, of Edmonton, and P. J. White, of Calgary; representing the towns, H. P. Long, of Vermilion, Mayor A. W. Fraser, of Vegreville, and E. H. Tuck, of Edmonton; representing the villages, W. L. Fulton, of Halkirk, and G. E. Winter, of Munson.

The patrons, all of whom were re-elected, are Hon. R. G. Brett, lieutenant governor, province of Alberta; Hon. Herbert Greenfield, premier of Alberta; Hon. J. E. Brown, attorney general for Alberta; Hon. Percival Baker, minister of education; J. H. Lamb, Esq., deputy minister of municipal affairs.

Calgary was chosen as the convention city for 1925, the date of the meeting to be left in the hands of the executive.

The convention on Thursday afternoon disposed of the final draft of resolutions submitted. Among the things to be urged upon the government are the following: That legislation be provided to enable counties and school boards throughout the province to bring about such amalgamation of civic services as both may deem practicable and desirable; that the school act be amended to place qualifications for voting on school bylaws on the same basis as for the money bylaws for municipal purposes; that appeals by court of revision from assessment be made, not to a district court judge, but to the board of public utilities commissioners; that cities, towns and villages be empowered to lease or sell lands in their possession at any price they may see fit; that provision be made for the licensing of agents, peddlers, hawkers, etc., by municipalities; that all tax revenues from present sources under the Liquor Act, by local police officers be paid to the city, town or village in which such prosecutions are made, and that an additional tax of one cent per gallon be collected on gasoline sales, the revenues to be paid to the municipalities in which collected for use exclusively on streets and highways.

Authorization was given for the appointment of a committee of officials to go into the whole question of uniformity of accounting, bylaws, assessment notices, etc., as between cities, towns and villages within the province, and to report to the next convention of the Municipalities Union.

The delegates listened with keenest interest to an address by Hon. Percival Baker, in which the minister of education outlined present financial problems confronting the province and urged patience, cooperation and mutual understanding between the municipalities and the government.

Mr. Baker declared that there were harmonious cooperation and mutual forbearance in meeting the common educational problems of the province in order that the young people of each and every section of Alberta might be given the best education the province could afford.

There is no "patent pill" the minister pointed out, by which the educational ills of the day may be remedied. The question is one neither of extra taxation nor of the shifting of revenue from the coffers of one governing body to another, but of forcing itself rather into a matter of united helplessness.

In regard to suggestions previously put forward that the government share the amount of tax collected with the municipalities, Mr. Baker pointed out that the province at the present time requires every cent of the revenue it is getting, and even with all the different forms of taxation now in

WEDDINGS

DOUPE — JOHNSON

A very quiet and pretty wedding was solemnized at the Methodist parsonage by Rev. W. H. Irwin, at high noon on Monday of this week, when Lila May, only daughter of Mr. and Mrs. A. T. Johnson, was united in the holy bonds of matrimony to Mr. Percy Doupe, fourth son of the late Mr. Amos Doupe and Mrs. Mary Doupe, all of the Wetaskiwin district. The ceremony was performed in the presence of the bride's parents, and the contracting parties were unaccompanied. In the evening, about ninety relatives and friends assembled at the home of the bride's parents to wish them every joy and happiness through life. The bride was the recipient of many beautiful gifts, attending the high esteem in which the bride and groom are held. Mr. and Mrs. Doupe will be at home, at their residence three miles south of Wetaskiwin, Mr. Doupe's home, where the groom is engaged in farming. We join the host of friends in extending the heartiest congratulations.

LIGHT DOCKET AT COURT SITTINGS

The fall Supreme Court sittings for the trial of civil cases was held in Wetaskiwin last week, Mr. Justice Tweedie presiding. There was a very light docket, there being only two cases for trial and these were tried together. A provisional leader brought by two Dayland farmers against the Dayland Drainage District for damages caused to their land by the overflowing of a ditch. The Drainage District was successful, both actions being dismissed with costs. Mr. J. K. Burgess, K.C., of Camrose, appeared for the Plaintiffs and Mr. Frank Ford, K.C., of Edmonton, for the Defendant.

LIBERALS WILL SEND DELEGATES TO CONVENTION

A meeting of Liberals in the Wetaskiwin district will be held in the banquet room of the Driford hotel on Wednesday evening, November 13, at eight o'clock, for the purpose of electing delegates to attend the Liberal convention to be held in Calgary on November 27, when a provisional leader will be elected. A Liberal platform will be drafted and general business will be transacted. All supporters of the Liberal party are requested to attend.

DR. HISLOP TO STAND TRIAL

Dr. John A. Hislop, charged with manslaughter and performing an illegal operation on Patti T. Burnap, 20 years of age, was committed for trial on each charge when he came up for judgment before Magistrate P. C. H. Primrose Friday. Bail has been granted in the Supreme Court in a personal bond of \$12,000, and two sureties of \$6,000 each. Mrs. Olive Walker, keeper of the nursing home at which Miss Burnap died, and J. Dawson, who had been the friend of the girl for nearly four years, were also charged with manslaughter and intent to procure an abortion, and were remanded for trial yesterday. Bail in their cases was fixed by Magistrate Primrose and amounted to \$10,000 for Mrs. Walker and \$6,000 for Dawson.

effect, finds itself confronted with a deficit from year to year. There is no scientific way, he further pointed out, by which clearly defined lines may be drawn between fields of taxation properly belonging to the different governing bodies. The time was ripe, he believed, however, for some sort of mutual understanding as to tax distribution.

The suggestion that the province assume the cost of secondary education is a difficult one, Mr. Baker pointed out, because of the fact that high schools must of necessity be located in the cities, towns and villages, and it is scarcely fair, therefore, to suggest forcing the rural municipalities to bear what would appear to be more than their share of this high school first charge, in any case, as Mr. Baker saw it, was to provide adequate elementary education. The address was well received, and a hearty vote of thanks accorded.

EX-SERVICE MEN ADDRESS KIWANIS ARMISTICE DAY

Capt. MacEachern, D.S.O., Recalled Incidents in Training Camps and in Fighting Line, and H. J. Wells Related Experiences He had as War Prisoner. Special Music was Rendered.

There was a very good muster of Kivanians and their friends at the regular meeting this week. As the occasion happened to be Armistice night, members took the opportunity to bring ex-service men as their guests. The chair was occupied by

LADIES' CURLING CLUB MEETING

The Wetaskiwin Ladies' Curling Club will hold a meeting at the rink on Friday afternoon of this week at four o'clock, for the election of officers, and other business. All interested are urged to attend.

HAROLD NELSON HAD GOOD HOUSE

The rectal given in Knox church on November 7th, by Harold Nelson Shaw and Frank A. Hopkinson, was a good success from every point of view.

The program was very excellent and sufficiently varied to please every taste and to weary none. Harold Nelson has lost none of his peculiarly fine art as a dramatist and impersonator. He gave different selections with such humor that the audience was convulsed with laughter. His two selections from Shakespeare, one from Macbeth and the other from Julius Caesar, were rendered in such a realistic manner that the house was almost, if not altogether, moved by the events. Dead Caesar's words and his innocent blood were verily seen by many.

Frank A. Hopkinson, in his first appearance awakened a very sympathetic interest which increased with each selection. His genial smile and his rich and loud voice rang so true that all listened with rapt attention.

The main auditorium of the church was well filled. Those responsible for this event were altogether satisfied, and believe that a program of such musical and literary excellence interspersed with wholesome humor will not fail to leave its mark upon Wetaskiwin.

Many of the citizens, who knew Harold Nelson years ago, were glad to meet him again, and to make the acquaintance of his young and accomplished friend, Frank A. Hopkinson. We gladly claim him as a true son of Alberta, and confidently hope that he will bring honor to Canada as Harold Nelson has already done.

These talented artists rendered an other entertainment in the Ellis Hall on Tuesday evening, under the auspices of that organization, when another large crowd enjoyed a rare treat.

HEAVY DAMAGE TO TELEPHONE LINES

R. Bruce Baxter, general manager of the Alberta Telephone system, declared last week that the damage to the telephone system through the recent sleet and snow storms will cost the province close on to \$80,000 to replace. Mr. Baxter, who has just returned from a tour of inspection of the damaged area, reports that hundreds of miles of wire, and thousands of poles were dragged down by the weight of the snow. Part of the area affected is between Fort Saskatchewan and Vegreville. In a strip of twenty three miles between Edmonton and Calgary, not one pole is standing, while the rural lines west of Ponoka, were down for four or five miles, and for fifteen miles east, the same condition prevailed.

LITTLE OLD CHEQUE FOR EVERY DAY

Cheque books are playing a prominent part in the financial returns of many farmers in the district at present. The short crop has forced a lot of men to fall back on the cow, and the banks are handling many such cheques every day. This revenue, however, does not depend so much on the weather and is constant throughout the winter—Stettler Independent.

Kivanians Williamson and the attendance prize was donated by Kivanians Barry.

Proceeding opened as usual with the singing of "O Canada" followed by the draw for the prize. This was awarded to Kivanians Odell—sixth name drawn—the very stringent conditions attached to the winning of the prize barring out the usual fifth name. At the suggestion of the chairman, the company paid respect to friends and comrades fallen in the war by standing in silence for a brief period.

With Kivanians Pr. Walraven at the piano the music committee put on many popular songs and choruses during the evening. Among the musical items was the ever popular, and apparently never ending "Napoleon"—sung by special and repeated request by a worthy member, and a fine old Scotch song given by one of the guests—Mr. Jack Campbell.

The central features on the evening's program were short talks on their war-time experiences given by Capt. N. A. MacEachern, D.S.O., and Mr. Harry Wells. The former began by telling some amusing anecdotes about incidents in training camps, and then went on to relate many interesting experiences in the fighting line. The second speaker dealt in German prison camps. Beginning with the events leading up to his capture, he held his audience in close attention while he described the journey into Germany—36 hours spent in a box car with 53 other companions, many of whom were wounded, and having as their only refreshment 6 loaves of bread—and life in the various prison camps. In the opinion of the speaker, if it had not been for the provisions sent to the prisoners by the relatives and friends at home, they would have starved. The most thrilling part of his story was about the attempt at escape made by another Canadian prisoner and the speaker; an attempt that failed within five miles of the Dutch frontier.

The speakers were accorded a very hearty vote of thanks, and proceedings were brought to a close by the singing of the National Anthem.

U.S. SENATOR LODGE
DEAD IN CAMBRIDGE

Cambridge, Mass., Nov. 11.—Senator Henry Cabot Lodge died at the Charlesgate hospital at 11:14 Sunday night. He suffered a stroke on Wednesday, November 6th.

Senator Lodge, who was one of the oldest and best known of the senate members, had been in ill-health for some time, and from the moment he became ill little hope was held out for his recovery. Once or twice during the four days of his illness he rallied somewhat, however, but his death was no surprise to the physicians attendant.

WHEAT GRADES TOO HIGH AND GETS NO PREMIUM IN MARKET

Lethbridge, Nov. 12.—T. O. King, of Raymond, Alta., member of the grain standards board, who was here yesterday, holds that the grading system in force in western Canada is unfair and should be changed. He says Canada's grades are altogether too high when viewed in the light of the United States system. Canada has a high standard of grades, the United States a low standard, yet the farmers of the two countries are selling on the same market. This is depriving western Canada growers of hundreds of thousands of dollars every year, Mr. King says.

"If we were given a premium for our wheat, the best wheat in the world, it would be different. We would have no complaint, but as it is our system is too rigid and should be changed by act of parliament," Mr. King asserted.

The Women's Auxiliary of Emmanuel church will hold a bazaar in the Parish Hall on November 29th.

FIRE AT SYLVAN LAKE

Sylvan Lake, Nov. 11.—A dwelling house of five rooms on Main street here occupied by Mrs. W. Mowat and her two children, Lucille and Ronald, burned to the ground early yesterday, Thanksgiving morning. Mrs. Mowat and the children were in bed at the time of fire. They had a narrow escape from being burned, but managed to get out of one of the windows on the lower floor with a portion of their clothes. It was a bitterly cold experience for the unfortunate family.

Provincial Weekly News Bulletin

Alberta Seed Exhibits for Chicago

Alberta seed growers will have fully as strong a showing of seed grain exhibits at the International Hay and Grain Show at Chicago this year, as was the case last year when exhibitors from this province captured four world championships and 44 other prizes. Exhibitors this year will include Major Strange of Fenn, who took the world's championship in seed wheat last year, and J. W. Biglands, of Lacombe, who took the world's championship in oats. Mr. Biglands is to try another line this year. The total number of exhibits will be fully as great as last year, about 115 already being received. The exhibits will be shipped shortly to Chicago.

British Like Alberta Butter

Writing from England in reference to shipments of Alberta butter to that market the past season, one prominent broker states as follows: "We have had several good sized shipments from Alberta creameries over this route (The Panama) this year and are pleased to say that in every case we have had entire satisfaction with the butter. The product itself has been without question the finest that we have received this year from Canada. The texture of your Alberta butter is, in their opinion (the blenders) far superior to that of any other province of Canada."

University Steers for Exhibition

Seventeen beef steers have been forwarded from the barns of the University of Alberta to be exhibited at the Royal Show at Toronto, the Chicago International, and the Ottawa Winter Fair. Practically all of these animals, which are of a high class, have been donated to the University by the cattle breeders throughout the province.

Annual Seed Fair

Preparations are now going forward for the annual provincial seed fair which is to be held this year at Calgary, from January 20 to 23, and which is receiving the active support of the Calgary Board of Trade. The seed fair is held under the auspices of the provincial department of agriculture and the Seed Growers' association.

Fighting Freight Rates Case

J. O. D. Mothersill, barrister of Edmonton, and A. Chard, freight traffic supervisor, of the provincial government, are representing the government at the hearing at Vancouver in the appeal to the railway commission by the B.C. Government for a lowering of freight rates on grain to Vancouver. The Alberta government through its representatives are supporting this application.

A Joint Policy

Hon. J. E. Brownlee, attorney general of Alberta, conferred this week with the attorney generals of Manitoba and Saskatchewan as to a joint policy to be adopted in regard to the protest against the abrogation of the Crossman freight rates agreement.

Tax Conference

Alberta will be represented at a dominion wide tax conference at Ottawa this week, by Hon. R. G. Bell, provincial treasurer.

Pig Club Winners

Members of boys' and girls' pig clubs of central and northern Alberta have been engaged in their annual demonstrations and exhibits during the past week at Edmonton. The winning club in the carlot competition was that from Sturgeon, with its entry of Tanworths, second going to Alliance and third to Grand Prairie. The winning team in the judging competition came from the Vegreville club, and with this goes the silver cup and medals presented by the C.P.R. This team also wins the prize given by the C.N.R. of a trip to the Royal Stock Show at Toronto. The team includes Albert Jones and Peter Wylie, and were trained by P. H. Newcombe, district agriculturist, of the provincial department. Sturgeon came second and Alliance third, in this competition. A large number of boys and girls, members of the competing teams, were in attendance.

U. P. Convention

The annual convention of the United Farmers of Alberta will be held January 26 to 28 it is expected, in Calgary.

Alberta Horse for South Africa

The government of South Africa has purchased from Albert an Alberta bred Percheron stallion which was reared on the Bar U ranch, and sired by the same sire as the prize Percheron on the Prince of Wales ranch.

New Line Completed

The new 15 mile extension of the E.D. & B.C. west of Grande Prairie has been completed and will be ready for shipment of grain and livestock shortly.

Boundary Line Completed

After 11 years of work, the engineers in charge of the establishment of the Alberta and British Columbia boundary line, have completed the last gap.

Beef Cattle go Abroad

Alberta beef cattle are in demand in Europe, as evidence the shipment

CLOTHING COSTS ARE GOING UP

With prospects of higher clothing prices next year, Edmonton merchants strongly advise buyers to make their purchases without delay. All indications point to the price level being advanced and for that reason it would be a real saving to place orders for goods now.

While Following Along with the Steady Rise of the Raw Wool

The following along with the steady rise of the raw wool, the woven fabrics have not registered anywhere near the increase that have marked the raw wool market. For this reason, it is pointed out, British worsteds and tweeds are tending to higher price levels at an alarming rate. Imported all-wool yardage of the better grades is already at a premium.

Market authorities point to still higher costs, claiming that retail prices on clothes are still away below the corresponding level in yardage costs. It seems that the better grade of clothing—that made from imported worsteds and botanics, will command very high prices for some time to come as the continental trade in Europe is taking huge quantities of wool and lower prices cannot be looked for, at least before another clip comes in.

An Edmonton clothier says that a suit quoted at \$10 two years ago is worth \$50 at present but this increase has not been put into effect here on account of prevailing conditions. He also says that the wholesale price has increased from \$1 to \$2 per pound over three years ago.

A startling jump in raw wool prices has taken place in the last few months. While this will not be felt before next season, buyers are urged to get their clothing now and avoid the higher prices expected later.—Journal.

HOW MUCH DOES IT COST FOR ELECTION IN UNITED STATES?

Washington, Nov. 1.—The latest figures available on campaign contributions to the Democratic party and the La Follette-Wheeler ticket in the presidential campaign, as heretofore announced, are:

Democrats, \$552,363; La Follette-Wheeler, \$171,512. The Democratic report was filed yesterday by the national committee with the clerk of the house of representatives, and covered to October 25, inclusive. Expenditures to that date were given as \$725,050.

The La Follette-Wheeler report covered receipts from all sources up to October 22. Expenditures to the same date were given as \$157,122.

VAG ADMITS HE IS ESCAPED CONVICT

When a man giving the name of George Wilson, sentenced here last week to thirty days imprisonment for vagrancy, was taken to the cells at the provincial police, Edmonton, on his way to Fort Saskatchewan jail he ran into a bunch of misfortune after the keen eye of the Edmonton inspector, J. S. Piper, fell on him.

On the desk of the inspector was a card describing the description of one Phang Simmons, who had been undergoing a sentence at Prince Albert for highway robbery and who had made his escape with another convict about ten days ago. Checking up on the prisoner, the police at first received a strenuous denial that he had ever been in Prince Albert, but eventually broke down in his assertions and admitted that he was the man wanted by the Saskatchewan authorities.

He told the police that he and his companion had thrown away their prison clothes immediately they had secured their freedom and had obtained other attire at a farmhouse. They had made their way on freight trains to Saskatchewan and then they had headed for Edmonton.

Wetaskiwin on his way to Edmonton. Here he was apprehended by the police and sentenced as stated above. Upon the conclusion of his term at the Fort, he will be handed over to the Prince Albert authorities to be further dealt with.

After considerable negotiation, a Trade Agreement between Australia and Canada has finally been arranged and will come into effect by proclamation on a date to be agreed upon by both countries. Australia has not extended to Canada the full benefits of her British preferential tariff, but has granted this concession on certain specified articles, in addition to which, certain other Canadian products will be allowed to enter Australia under the intermediate tariff.

Stomach Trouble DYSPEPSIA Banished By Using BURDOCK'S BLOOD BITTERS

Mr. M. P. Eldridge, Beaver Harbor, N.B., writes: "I was troubled with my stomach for some time, and everything I ate seemed to distress me. I tried many different medicines, but without any results. Finally I was advised to try B.B.B. and after having taken several bottles I was completely relieved of my trouble. I can now eat any thing I wish to, thanks to B.B.B."

The preparation is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

CLOTHING COSTS ARE GOING UP

With prospects of higher clothing prices next year, Edmonton merchants strongly advise buyers to make their purchases without delay. All indications point to the price level being advanced and for that reason it would be a real saving to place orders for goods now.

While Following Along with the Steady Rise of the Raw Wool

The following along with the steady rise of the raw wool, the woven fabrics have not registered anywhere near the increase that have marked the raw wool market. For this reason, it is pointed out, British worsteds and tweeds are tending to higher price levels at an alarming rate. Imported all-wool yardage of the better grades is already at a premium.

Market authorities point to still higher costs, claiming that retail prices on clothes are still away below the corresponding level in yardage costs. It seems that the better grade of clothing—that made from imported worsteds and botanics, will command very high prices for some time to come as the continental trade in Europe is taking huge quantities of wool and lower prices cannot be looked for, at least before another clip comes in.

An Edmonton clothier says that a suit quoted at \$10 two years ago is worth \$50 at present but this increase has not been put into effect here on account of prevailing conditions. He also says that the wholesale price has increased from \$1 to \$2 per pound over three years ago.

A startling jump in raw wool prices has taken place in the last few months. While this will not be felt before next season, buyers are urged to get their clothing now and avoid the higher prices expected later.—Journal.

HOW MUCH DOES IT COST FOR ELECTION IN UNITED STATES?

Washington, Nov. 1.—The latest figures available on campaign contributions to the Democratic party and the La Follette-Wheeler ticket in the presidential campaign, as heretofore announced, are:

Democrats, \$552,363; La Follette-Wheeler, \$171,512. The Democratic report was filed yesterday by the national committee with the clerk of the house of representatives, and covered to October 25, inclusive. Expenditures to that date were given as \$725,050.

The La Follette-Wheeler report covered receipts from all sources up to October 22. Expenditures to the same date were given as \$157,122.

VAG ADMITS HE IS ESCAPED CONVICT

When a man giving the name of George Wilson, sentenced here last week to thirty days imprisonment for vagrancy, was taken to the cells at the provincial police, Edmonton, on his way to Fort Saskatchewan jail he ran into a bunch of misfortune after the keen eye of the Edmonton inspector, J. S. Piper, fell on him.

On the desk of the inspector was a card describing the description of one Phang Simmons, who had been undergoing a sentence at Prince Albert for highway robbery and who had made his escape with another convict about ten days ago. Checking up on the prisoner, the police at first received a strenuous denial that he had ever been in Prince Albert, but eventually broke down in his assertions and admitted that he was the man wanted by the Saskatchewan authorities.

He told the police that he and his companion had thrown away their prison clothes immediately they had secured their freedom and had obtained other attire at a farmhouse. They had made their way on freight trains to Saskatchewan and then they had headed for Edmonton.

Wetaskiwin on his way to Edmonton. Here he was apprehended by the police and sentenced as stated above. Upon the conclusion of his term at the Fort, he will be handed over to the Prince Albert authorities to be further dealt with.

After considerable negotiation, a Trade Agreement between Australia and Canada has finally been arranged and will come into effect by proclamation on a date to be agreed upon by both countries. Australia has not extended to Canada the full benefits of her British preferential tariff, but has granted this concession on certain specified articles, in addition to which, certain other Canadian products will be allowed to enter Australia under the intermediate tariff.

LIEUT. GOVERNOR UNVEILS MEMORIAL

Lacombe, Nov. 3.—The unveiling ceremony of the "Lost Vo. Forged" club war memorial took place on Friday last, October 31. The unveiling was carried out by His Honor Lieut. Governor R. G. Brett, assisted by the Very Reverend Principal Clarence McKinnon, D.D., Rev. Capt. McLeod, of Edmonton, and the Rev. Canon Caruthers. The unveiling of the Union Jack on the new flag pole presented to the Town of Lacombe by the Daughters of the Empire, and the handing over of the park seats, presented to the town by the St. John's Ambulance association, took place at the same time.

An official luncheon was given the visitors by the mayor of Lacombe, Dr. Simpson, in the Adelphi hotel.

Chicago, Nov. 2.—Ten passengers were killed and two score injured, some seriously, early today when a railroad freight train, backing into the yards here, wrecked a street car crossing the tracks. Most of the victims were neighbors returning from a Halloween party and many wore masquerade costumes.

Chinese War Spoils Royal and Ancient Game

This Shanghai News Bulletin Shows How Additional Hazards Were Created

In the opinion of Canadian Pacific officials stationed in China, the cessation of hostilities in that country will, in all probability, be followed by a remarkable development of Canada's trade with the Orient. From letters received at the Montreal headquarters of the great transportation company, Canadians, Europeans and other foreigners did not take the Chinese war quite as seriously as did the Chinese themselves. Fighting was not known but was quite close. The main things worrying the Europeans in Shanghai were the possibility of a food shortage and the fact that the city's best golf links was in the fighting zone and had, therefore, more than the usual hazards; but trading and travel may now be said to have returned almost to a pre-war basis.

To the Chinese, however, the war was a first-class war, as will be seen from the accompanying reproduction of a news bulletin published in Shanghai and forwarded from that city by one of the officers of the Canadian Pacific Steamships, to Montreal. The whole of the bulletin is taken up by war news, in the centre are Generals Chi and Su. At the top left one sees how General Kai, finding no time in which to escape from the Chekiang troops after the defeat of the Su soldiers

at Low Hoo, was forced to jump into the river, where he was finally captured. Below that, he who understands Chinese hieroglyphics reads that recruiting workmen for station work and the transportation of for this work were fearful of being forcibly recruited for service at the front if they were found to be without employment. Underneath the portraits of the contending generals, the artist has endeavored to show how Mr. Geo. Fong of the Su army fired on the Chekiang troops at Wong Doo, forcing them to retreat, and, at the right, how the Chekiang troops, by entering themselves round Low Hoo and by remaining quiet, tricked the Su army into thinking that the town had been evacuated, being thereby enabled to vanquish General Kai, who sought to occupy it.

But the war is about over now, and on this side of the Pacific we are just left to ask, "What did it all mean?" The Canadian Pacific has included Shanghai in the itinerary of the "Empress of France" round the world cruise which is to commence at New York on January 14th, 1925, and to the participants in this cruise the tale of the Chinese war may mean a few battlefields to visit or a few more souvenirs to buy, but that is about all. And all the drama and heroism, mystery and intrigue of the Orient, a little thing like a war is soon forgotten by the average visitor to the country at least.

One hundred and two drunks, the greatest number to be arrested in Calgary in any one month since prohibition days, faced the magistrate in police court during the month of October, and were allowed their liberty on payment of \$5 and costs. Of the total lot 102 persons arrested, four were for driving cars while under the influence of liquor, and about 12 on charges of drunken disorderly. Several other charges arising out of drunkenness were also contained in the records.—Albertian.

Special Coffee Demonstration

Commencing Saturday afternoon, November 15th, and continuing on following Saturdays, viz:
NOV. 22nd, NOV. 29th and DEC. 6th

—we will put on a Special Demonstration of our exclusive Coffee lines—featuring especially our celebrated Amber Blend.

Drop in and enjoy, free of obligation, a cup or two of steaming, delicious coffee

We want to acquaint all our friends with the superior cupping quality and flavor of our Coffee lines, handled by us with unqualified success for the past twelve years.

This is our invitation to You. You are welcome.

ABOUSSAFY & SONS

THE DALLAD OF FIVE
LITTLE MERCHANTS

Five little dealers
Each kept a store;
One cut prices—
Then there were four.

Four little dealers,
Feeling sad, but free,
One wouldn't advertise,
Then there were three.

Three little dealers,
One felt pretty blue,
Failed to dress his windows,
That left but two.

Two little dealers,
All their rivals gone!
One forgot his overhead—
That left but one.

One little dealer,
Decided he could get
Some lessons from experience,
So he is growing yet.

SHE SAID SOMETHING!

It is said that a woman's club near here devoted to "child welfare" and other kinds of work in which experts give a lot of high-toned advice on how to raise children, asked an old-fashioned mother of the town to address them on how she reared her big family of children. She nearly broke up the club, when she got up and said: "I feed 'em good, old-fashioned food the bread and milk, mashed potatoes, steak, mush, vegetable soup, parsnips and pie. When they want to waste in the mud, I let 'em. If they don't get up when I call 'em or try sassing me or do something I've warned 'em not to do, I cut off a willow sprout and give 'em a good tanning. When they get the stomach ache I dose 'em myself. That's all I do to keep 'em in line, except that if they get in bad with the teacher at school I usually find out why; and if the teacher lick 'em and they needed it I give 'em another so they'll remember it. And they really do pretty well."

"There Ain't Any Grain No More"

A correspondent suggest, in view of the fact that the Alberta Land Use "Farmers' News" is being added to this year in the grading of grain, that the following verse be added to that tracing classic known as "There Ain't Any Grain No More," and that it be sung in future at all grain buyers' banquets:
Oh, there ain't any grain no more, no more,
There ain't any grain no more,
For 'n', sure enough, it all grades tough,
There ain't any grain no more.
—Exchange.

deficit should be brought before the congregations, said the Rev. M. H. Wilson, touching on the former missionaries' statement that the higher cost of travel, supplies and maintenance was largely uncontrollable and that the fight would be an uphill one. The

ANTI-UNIONISTS
FORM NEW SYNOD

What was possibly the beginning of a new Presbyterian church in Canada took place Friday night in the First Presbyterian church, Edmonton, when 21 anti-unionists met and decided to take steps to organize a provisional Synod, officers for which were elected, with the Rev. Dr. D. G. McQuinn as Moderator and the Rev. P. D. W. thorough as clerk.

Sixteen ministers and eight others of the church and the Synod, Blue-ribboned that they had waited until the latter body had completed its deliberations before calling the meeting. He stated that the meeting was an historic one, and was functioning in an historic church in which Dr. McQuinn had labored for 35 years, and he concluded his address by announcing "We will not break away from the Synod until the Synod breaks away from us." He then announced that it was in order to consider recommendations leading up to the constituting of a provisional Synod.

It was then pointed out by Dr. Johnson that the Synod of the Presbyterian church was still in existence, the same trend of thought being expressed by Dr. McQuinn. "The matter was then discussed from many angles, a motion being finally brought up which was acceptable to the meeting.

UNION EFFECTIVE
JUNE NEXT YEAR

Edmonton, Oct. 29.—Union between the Presbyterian, Methodist and Congregational churches in Canada will become effective on June 19 next year. The highest courts of the three denominations having decided in favor of the union, the Dominion parliament has passed an act providing for its legal consummation on that date, and consequently legislation has already been secured in five of the provinces, with the others to follow at their next sessions of legislature.

This definite statement on the church union situation was made at a meeting in the Robson Presbyterian church Monday evening by Rev. J. W. Woodside, of Ottawa, who has come west representing the joint union committee to present the case as it now stands to church people in the several provinces.

HOCKEY SCHEDULE
HAS BEEN DRAWN UP

Earl Garfield, secretary of the local hockey club, received a copy of the schedule of games for the Big Five League this week, and it is being looked over by the members at present. So far as it affects Wetaskiwin, it is likely to be accepted in its present form, but the other clubs of the league have yet to be heard from. If accepted by all the clubs, it will appear in next week's issue.

Culling Out The Poultry Flock

A Canadian Egg-laying Contest Hen—
Her Record is 281 Eggs in One Year.

A flock of fowls, where intelligently managed, is often a good side line on a prairie farm as it means cash receipts the year round. Proper housing, feeding and general care, the weeding out of low producers, and the selection and use of males from families having good egg-laying records, are the principles underlying success.

The hen that does not lay sufficient eggs to give a profit over the cost of feed has no more right to a place on the farm than has the "boarder" cow. In the fall of the year the spring pullets should be carefully selected, and only those retained which give evidence of egg-producing capabilities.

A hen will lay more eggs during the first laying year than later, and for this reason it is on the young flock that reliance must be placed for egg production during the coming winter and the ensuing summer.

At a number of the Dominion Experimental farms careful comparisons have been made between hens and pullets as egg producers, and the evidence is strikingly in favor of the latter.

In one instance the hens gave an average of 7.41 eggs compared with 16.4 per bird for the pullets, although both lots were equal in breeding and received similar treatment.

Along with the unpromising pullets it is a good practice to discard most

of the hens that are entering on their second winter, retaining only a few of the best layers for breeding purposes in the spring.

The use of the trap nest is a sure means of following the laying habits of a hen throughout the season, but this form of nest requires too much attention for the average farm, and a rooster method is necessary. A good guide will be found in the fact that laying hens give unmistakable evidence of egg production in the bleached out appearance of the legs and beak, as well as in their general alertness and activity. Consequently, it is safe to discard all hens that have retained the yellow color in the legs, feet and beak throughout the season. By selecting the flock in the early fall there will be no difficulty in distinguishing hens from pullets, but in a few months from now they are not so easily told apart.

For winter egg production, which is the most profitable, early hatched pullets and correct methods of feeding are essential. These methods, and the proper type of house to use, have been ascertained by careful experiment, and the facts published in bulletin form by the Dominion department of agriculture, Ottawa, to serve as a guide to those who propose to engage in poultry keeping. A request to the Publications Branch of that department will procure a copy

WEMBLEY FAIR SAYS
PRINCE AT CLOSING

Wembley, Eng., Nov. 8. The British Empire Exhibition, which opened April 23rd, was officially closed on Saturday afternoon, when the Prince of Wales, just returned from Canada and the United States, addressed a large audience in the stadium.

As president of the exhibition, the Prince declared that the venture had achieved the full measure of success in the task it had set out to accomplish. It had given a picture of the Dominions to the people at home, he declared, which indicated the resources and boundless potentialities of their territories. It had also created a greater demand for Empire products, as well as giving visiting peoples of the overseas dominions a better knowledge of the manufacturing resources of Great Britain and more sympathetic understanding of the progress of the Empire in development and defence.

Despite the untold attitude of the weather, the Prince concluded, approximately 18,000,000 persons had passed through the turnstiles of the exhibition, making a record for Great Britain.

COURT'S DECISION
MAY UPSET MANY
LAND TAX SALES

Land assessments upon properties held under agreements of sale in which names of the present holders appear on notices sent out by municipal secretaries are illegal unless the names of the registered owners of such properties are also entered upon the assessment and tax rolls and sent to such parties. This is the far-reaching decision of the Appeal Court, based upon the judgment in the Edmonton Trust Company versus the Municipal District of Sturgeon case, handed down Saturday. It will also have the effect of rendering invalid many tax enforcement proceedings that have been taken by municipalities subsequent to such illegal assessment and taxation.

The unanimous decision of Chief Justice Harvey and the four Justices of the Appeal Court thus holds the practice of municipal secretaries, who have been acting under advice of the

department of municipal affairs, to have been erroneous under the new governing assessment. In view of this it has been suggested in legal circles that the government of Alberta hasten to pass some legislation to cure the bad situation that has been created with regard to numerous properties through its interpretation of its own legislation.

The case was brought into the court recently when the Edmonton Trust Company discovered that a certain piece of property in which they had an interest and still remained the registered owners of, had passed out of the hands of the man who held the same under agreement of sale because of non-payment of taxes. A caveat had already been filed against the property by the Municipal District of Sturgeon, although they had not received any assessment notices or tax bills. They sought to have the caveat removed and a declaration of the District Court that the taxes against the property were wrongfully levied. Judge Crawford dismissed their application.—Bulletin.

Just to show his friends that he can still swim, although he recently became the grandfather of twin girls, a man of Thibodaux, La., swam across the Mississippi river.

Warm the liniment, spread it on brown paper and cover the affected parts. It eases pain, relieves stiffness.

The family medicine chest.

DROUGHT AREA
GOES BACK TO
CATTLE RANGE

Calgary, Nov. 4.—The great triangle of land that lies between the Red Deer and Bow Rivers, extending east of Tilly as far as the junction of these rivers, about 3,500 square miles, will be the first drought area in Alberta turned back to the big ranchers after the failure of farming experiments.

It is likely that the federal and provincial governments will call a conference of those interested before Christmas, and it is expected that this land will again be offered for ranching leases by early spring.

No confirmation of the actual plan, nor of the date it is likely to go into effect, can be obtained from local government officials. When Hon. Chas. Stewart, minister of the interior, was here, he stated that the government had engineers working on this transaction in order to gain information, but said that the exact boundaries of the scheme had not been decided.

It is understood that the two governments have decided that they are not going to hold the bag in this transaction. Creditors, as Mr. Stewart announced, will have to adopt a reasonable attitude. Observation has convinced the officials of both governments that this area is the most chronic drought district in the province, and that it is useless to encourage farming in it. It will therefore go back to where many old-timers have always contended it belonged, range country.

Those who are familiar with the country, say that a great many of the farmers who attempted to make a living there have moved to other parts of the province. Others will be moved when the new scheme goes into effect. It is expected that a few of the farmers will not want to leave, even with their experience of continuing drought. They will probably be told that cattle leases will be let around them and they will have to protect themselves with fences. Of course they will be given the chance of leasing additional land and going into the ranching business themselves.

The plan for converting abandoned farm land into cattle range is not a matter of months, but many years. It is possible that it will be necessary to run sheep on much of the land that has been cultivated and is now a mass of weeds. Sheep will thrive on this feed and will gradually bring the land back to grass. Experts in the United States have estimated that it takes from twenty-five or fifty years to bring back cultivated land to virgin sod. When the government takes this action, it will be the first move on a large scale to readjust farming conditions in the drought area.

Something of the kind was hinted at in the remarks of the Hon. Chas. Stewart when he was in the west recently.

SUITED HIM

Two sweethearts from Aberdeen were rambling around when they came to a picture show.

The young man ran his eye over the front of the building. It rested on a title in large letters—"The Woman Pays."

"Jean," he said, "I think we'll gang in here!"

MANY WOMEN
SUFFER AGONY
FROM BACKACHE

Women are the greatest sufferers from weak, lame and aching backs owing to the continual stooping, bending and lifting so necessary to attend to their household duties.

Doan's Kidney Pills will give perfect relief and comfort to all women who suffer from backaches, or other kidney troubles, and make their household duties a pleasure instead of a burden.

Mrs. Edward Michon, 148 Cardigan St., Guelph, Ont., writes:—"I have been in a terrible condition on account of having such awful pains in my back. In fact I was so bad I would have to cease my washing several times before I could finish it."

Since taking Doan's Kidney Pills I have found great benefit, and cannot recommend them too highly."

MILBURN'S HEART AND NERVE PILLS

MAKE WEAK HEARTS STRONG MAKE SHAKY NERVES FIRM

On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills are just the remedy you require. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.

The real danger is that when the cuticle or outer skin is damaged or removed the sensitive flesh is exposed to the inflammatory action of the air and to the poisonous influence of germs and dirt. The first thing to AVERT COMPLICATIONS is to coat the flesh over with a thin layer of Zam-Buk, which has great antiseptic, purifying and healing powers. Burns and scalds should be treated and bandaged up very quickly. Zam-Buk speedsily banishes pain, allays all inflammation and grows new healthy skin.

152 BOYS GATHER AT BIG CONFERENCE

Camrose, Oct. 31.—One hundred and fifty-two delegates attended the conference of older boys in Camrose this week, held under the auspices of the Boys' Work Board of Alberta. Most of the delegates were Tuxis boys, there being a few Trail Rangers and a number of boys from the Camrose Normal school.

Chas. McCleary, now attending the normal school at Camrose, but whose home is in Edmonton, was chosen as grand proctor of the conference, and Jack Shaw was elected as deputy grand proctor. The position of grand scribe was ably filled by J. Frank Armstrong and that of comfort for the conference, by Melvin Fowler. The sessions were very well attended and the boys all showed an interest in the work being taken up.

Many excellent resolutions will be forwarded to the boys' parliament of the province, and also to the boys' work board as a result of these group discussions, and it is felt that some of them, if adopted, will have great value to the work in the future. Group games were played in the periods between discussions, and some excellent sing-songs put over.

During the sessions, one special item was listed on the program, and that was the nomination of boys to represent the various districts at the coming boys' C. S. E. T. parliament this year. Angus Robertson, Constructive, was the choice of the fellows representing Edmonton south-west.

3,000 PERSONS AT FUNERAL OF PETER VEREGIN

Nelson, B.C., Nov. 2.—Never before in recorded history have the Kootenay hills looked down on the like of the scene they beheld today when from six to eight thousand people, a living carpet for the roof-topped hills, saw Peter Veregin, heretofore known as Peter Veragin, lowered into a sepulchre blasted from the living rock, on an eminence overlooking Brilliant, British Columbia, headquarters of the Donkohor sect. From early afternoon until the shades of night fell, dirges like organ music, from the throats of thousands of worshippers, rose on the otherwise still air interminably, except when the ceremonial required silence for the purposes of orations over the grave.

DELOORME IS FREE; PRIEST ACQUITTED ON HIS THIRD TRIAL

Montreal, Nov. 1.—Rev. L. Adolphe Delorme, who for nearly three years has been in the hands of the police and who in that time has gone through three trials on the charge of murder of his half brother Raoul, on the night of January 6, 1922, was acquitted yesterday afternoon after the jury had deliberated for over four hours. At 4:45 p.m. the jury returned their verdict of "Not Guilty."

Father Delorme was immediately freed, and left the building with M. Gendron, one of the defence counsel, by a door which had not been opened for half a century. In this way the liberated priest escaped the thousands who were waiting outside the court room.

THE PRINCE OF WALES AT JASPER

H. R. H. THE PRINCE OF WALES spent a delightful day in the Canadian Rockies when he visited Jasper National Park, where he was a guest at Jasper Park Lodge. Here he is shown being greeted by Col. S. Maynard Rogers, Park Superintendent, on the arrival of his special train at Jasper Station on the Canadian National Railways.

CURATIVE SERUM FOR CANCER NOT YET PERFECTED

While scientific medicine is bending every effort to devise some method of controlling cancer that will be even more certain than early diagnosis, complete removal and control by radium and X-ray, announcements of new methods of treatment by individual physicians or investigators throughout the world continue to be made.

Recently it was announced that a certain physician had discovered a serum for cancer, that his work had been reported to the American Medical Association, and that it promised to be the long sought specific method for this disease. At the time of this writing the headquarters of the American medical association have received no articles concerning this method; a search of scientific literature fails to reveal any scientific article concerning the method, and occasional rumors indicate that the physician is trying his serum out on persons with cancer in various parts of the country.

To use the scientific rubberstamp remark for an opinion: "There is not at this time available the slightest scientific evidence that he has discovered a specific method of cure for cancer."

A recent announcement described a curative serum supposed to have been discovered by Dr. Fiehera of Italy. For more than ten years the scientific contributions of Dr. Fiehera on the subject of cancer have been appearing in medical publications. The evidence has been considered of interest, but so far as we know, there is not yet any warrant for the belief that Dr. Fiehera has been successful in elaborating a curative serum for cancer.

And thus hardly a week passes but what some new method of treating cancer is welcomed as the achievement of a long sought goal. Some day, perhaps, the world will be happily surprised by an announcement concerning a method as well substantiated as the insulin treatment for diabetes. But the method will have to be at least that well substantiated to receive the credence of scientists.

At this time the great hope of the patient with cancer lies in early diagnosis, such as can be made only by a well trained physician thoroughly conversant with the symptoms of cancer in their earliest stages as they affect various parts of the body. Once the condition is diagnosed by the use of modern surgical and other scientific methods either to remove the

growth entirely, including the glands into which it may have spread, or to destroy it by radium and the X-ray, and to seal up the gland chains leading from the effected region. But no honest, scientific physician will guarantee a cure, and if he is using a method that is not established and wholly experimental, he will inform the patient or his family of the fact.

In no form of cancer is action so necessary or desirable as in cancer of the breast. In a recent discussion of the subject, Dr. Joseph C. Bloodgood points out that more than 75 per cent of women with lumps in their breast will find that they do not have cancer if they will consult their physician immediately, and if the lump does prove to be cancer, more than 70 per cent, if given prompt attention, will have a chance for permanent cure.

If the doctor diagnoses the lump as a real tumor or growth within the breast he will consult a competent surgeon. An operation which is not dangerous to life may be done immediately and if the surgeon finds that the lump is not a cancer, but only a benign or non-malignant growth, he will remove the lump only and save the breast.

If, on the other hand, the lump is cancer, the entire breast and some of the surrounding tissue must be removed, but in the large majority of cases this will be the means of saving the patient's life, which would otherwise be forfeit to the disease.

THE RELIGIOUS PACK OF CARDS

A private soldier was taken before the chief magistrate of Glasgow for playing cards during divine service. The account of it is thus given: "A sergeant commanded the soldiers at the church and when the parson had read the prayers, he took the text. Those who had a bible took it out, but the soldier had neither bible nor common prayer book, but pulling out a pack of cards he spread them before him. He looked first at one and then another. The sergeant saw him and when the service was over, the man was taken before the mayor.

On hearing the charge, the mayor asked: "Well, soldier, what have you to say for yourself?"

"Stretch 'em, I hope."

"Very good; if not, I will punish you more than ever man was punished."

"I have been," said the soldier, "on the march about six weeks. I have no bible or common prayer book; I have nothing but a pack of cards, and I hope to satisfy your worship of the purity of my intentions."

Then spreading the cards before the mayor, he began with the ace.

When I see the ace it reminds me of Father and Son.

When I see the two it reminds me of Father, Son and Holy Ghost.

When I see the four it reminds me of the four evangelists that preached, Matthew, Mark, Luke and John.

When I see the five it reminds me of the five wise virgins who trimmed their lamps. There were ten but five were wise and five were foolish and were shut out.

When I see the six it reminds me that in six days the Lord made Heaven and earth.

When I see the seven it reminds me that on the seventh day God rested from the great work he had made and hallowed it.

When I see the eight it reminds me of the eight righteous persons that were saved when God destroyed the world—Noah and his wife, his three sons and their wives.

When I see the nine it reminds me of the nine lepers that were cleansed by our Saviour. There were ten out of the ten who never returned thanks.

When I see the ten it reminds me of the ten commandments that God

Polly want a cracker?
Sure if it's —
MCCORMICK'S
JERSEY CREAM SODAS

handed down to Moses on the tables of stone.

When I see the king it reminds me of the great King of Heaven, who is God Almighty.

When I see the queen it reminds me of the Queen of Sheba who visited Solomon, for she was as wise a woman as he was a man. She brought with her 50 boys and 50 girls, all dressed in boy's apparel, for King Solomon to tell which were boys and which were girls. King Solomon sent them to wash; the girls washed to their elbows, the boys to their wrists, so he told that way.

"Well," said the mayor, "you have given a description of all the cards in the pack but one, and that is the knave."

"I will give you a description of that, too, if you will not be angry." "I will not," said the mayor, "if you will not turn me to be the knave."

"Well," said the soldier, "the great knave I know of is the constable who brought me here."

"I don't know," said the mayor, "if he is the greatest knave, but he is the greatest fool."

"When I count the spots on the cards," went on the soldier, "I find 365, as many as there are days in the year."

"When I count the number of cards in the pack I find there are 52, the number of weeks in the year, and I find four suits, the number of weeks in a month."

I find there are twelve picture cards in the pack, representing the number of months in a year; and on counting the number of tricks I find 10, the number of weeks in a quarter."

"So you see, sir, a pack of cards serves for a bible, almanac, and common prayer book."

School fairs were held in Alberta the past season to the number of 122, directed from five centres, namely, Glenholm, Olds, Selkirk, Vermilion and Edmonton. The number of entry tags used throughout the province totalled 100,000, and it is estimated that there were at least 40,000 school children exhibiting at the various fairs.

CIRCUMSTANTIAL EVIDENCE

The Hingville Board of Selection had held many sessions, and finally formulated a set of auto laws that was the pride of the county. So the constable felt no worry when he stopped a motorist.

"You're pinched for violating the auto laws," he pronounced.

"Which one?" inquired the traveler.

"Turned if I know, but ye certainly ain't come all the way down Main street without bustin' one of 'em."

FRENCH TAKE FIRST GERMAN FOR WAR DEED

Paris, Nov. 3.—Believed to be the first arrest on French soil of the thousands of German officers condemned by default for offences during the German occupation, General Von Maibus, charged with stealing furniture during the occupation, has been

apprehended at Forbach. He was visiting the grave of a relative.

Treat Colds Externally

For sore throat, bronchitis or deep chest colds, rub Vicks VapoRub briskly over throat and chest and cover with warm flannel.

Vicks acts in two ways—both direct: absorbed like a liniment and inhaled as a vapor. A quick relief for the cold troubles of all the family.

TOWN TOPICS

The hospital bazaar and dinner will be held on November 13th. Make a note of the date and arrange to attend.

The Willing Workers of Knox Presbyterian church will hold their 4th quarterly meeting in the Sunday school rooms on Thursday, December 11, from 3 to 6 p.m.

The two men who are alleged to have broken into the store of H. R. French last July and to have stolen watches and other jewelry from the safe, are being given their trial in Edmonton this week.

The Ladies' Aid Society of Crooked Lake will hold a sale in the Crooked Lake school on Saturday evening, November 15th. They also have a wool filled comforter to sell. Everybody invited to come. Refreshments will be served after sale.

The weather has been quite cold during the past week. Thanksgiving morning the thermometer registered nineteen below zero, and Wednesday the mercury went to fourteen below. There is sufficient snow for light sleighing.

The many friends of Fred Macfarlane, C.P.M. locomotive foreman, are glad to learn that he is returning to Wetaskiwin after a few weeks spent in Edmonton. Joe Boyd, who has been in charge of the work here is being transferred to Field, B.C., and Mr. Macfarlane is succeeding him.

The local members of the B.P.O.E. held their inaugural dance in their new hall on Thanksgiving night. The hall was crowded to capacity, and the music was the very best. The room was appropriately decorated for the occasion with the lodge colors, and the affair was a very gratifying success.

The committee of the curling club are taking advantage of the cold weather to make ice, and the work has progressed so far that a "scratch game" was played on the evening of Thanksgiving Day. It is expected that several sheets of ice will be ready the end of the week, and that games may be played the first of next week.

The ladies of the Scandinavian Hospital Aid Society assembled at the home of Mrs. J. E. Gullberg on Wednesday evening and tendered her a great surprise on the eve of her departure from the city. Amusements of different kinds were enjoyed, and appropriate addresses were delivered. Mrs. Gullberg was presented with a beautiful hand bag and a nice sum of money, as a slight token of esteem and as a remembrance of the many happy associations she has had with Wetaskiwin friends. Mrs. Gullberg expects to leave in a few days for Gunn, Alberta, where Mr. Gullberg has started in business.

TOWN TOPICS

Christmas will be here in six weeks. Thanksgiving Day was celebrated very quietly in the city.

Large games of men are fixing up the telephone wires and poles which were damaged by the recent storm.

I. B. Howatt of Edmonton spent Thanksgiving in the city, the guest of Mrs. H. C. R. Walker.

"Dad" Brink spent Thanksgiving at Edmonton renewing the acquaintance of his old friends.

The schools of the city started the winter schedule Tuesday morning of this week, when they opened at 9:30.

Keep in mind the hospital bazaar, which is being held in the Elks' Hall, today (Thursday).

Ray and Nora Compton of Edmonton, came down to spend the Thanksgiving at their home here.

Miss Cora Grant of Strathcona, visited her sister, Mrs. J. W. Somers, over the weekend.

Miss Maud Bentley of Edmonton, spent Thanksgiving visiting at the home of Mr. and Mrs. V. C. French.

Bert Groves and Gordon C. French of the University of Alberta, spent the weekend in the city with relatives and friends.

Miss Helen Wallace of the town clerk's office, Courtenay, spent the weekend and holiday with her parents and other friends here.

The friends of I. J. Poole are glad to see him around again after being confined to the house for several days through illness.

The Norwegian Lutheran Ladies' Aid will meet at the home of Mrs. J. Mattatall on November 14th. Everybody is cordially invited.

Mr. and Mrs. R. J. White expect to leave the end of the month for Spokane, and other places at the coast, where they will spend the winter.

Mrs. Gaetz, who returned recently after an extended visit in Indiana, was the guest of Ponoka friends last week.

The Ladies' Aid of Wang church will hold a sale of the church at Crooked Lake on Wednesday, November 19th.

Miss Vera Lawson, of the staff of the Stettler public school, spent the weekend and holiday with her parents and other friends here.

Mrs. Putnam is erecting an office building on the property adjoining the post office, which will be occupied by L. H. Neville as a real estate office.

Mrs. Thos. Halgh is spending a few days of this week visiting Edmonton friends. She also attended Mrs. Calne's birthday party Friday evening.

L. W. Scott has been appointed the Wetaskiwin agent for the Edmonton Pure Butter Co. Limited, and he has opened an office at the corner of Railway Street west and Lorne street.

The ringing of bells and the blowing of whistles in the city at eleven o'clock on Tuesday morning reminded the citizens of the signing of the Armistice.

D. W. Warner, M.P., who recently underwent an operation for appendicitis, reports that he will be unable to attend any public meetings in the district for some time.

Mrs. Thos. Spencer and Mrs. Harry Cook visited with friends in Ponoka on Friday last. They also attended the banquet given by the Ponoka Rebekahs and Oddfellows at the time of the holding of the district meeting.

Mrs. R. D. Robertson returned home on Friday after a brief visit in Pembroke and Ottawa, Ont. She was accompanied by her mother, Mrs. Grant who will reside here with her daughter.

The many friends of E. E. Sparks, M.L.A., regret to learn that he was obliged to spend a few days of the past week in the hospital in Edmonton. He returned home Wednesday afternoon.

Those in charge of the hospital bazaar wish to announce that the Elks' Hall, where the bazaar is to be held, will be open on Friday for the convenience of those who desire to leave dishes, or other articles in the hall Thursday night.

An I.O.O.F. district meeting was held at Ponoka on Friday last, when representatives from the lodges at Millet, Wetaskiwin, Rimbey and Ponoka were in attendance. Bro. V. C. French was the delegate from Wetaskiwin. The meeting was in charge of Bro. John West, of Millet, D.D.G.M. The next meeting will be held at Wetaskiwin.

BORN

BERSTRATE—In Wetaskiwin, on the 8th inst., to Mr. and Mrs. C. A. Berstrate, a daughter.
PIERSON—In the Wetaskiwin hospital, on the 8th inst., to Mr. and Mrs. Pierson, a son.
DEANE-FREEMAN—In Wetaskiwin, on the 8th inst., to Mr. and Mrs. A. G. Deane-Freeman, a son (still-born).

GWYNNE

Mrs. George Beavo and two children spent the weekend at Altx.
Mr. J. Inglis has returned home after spending a couple of week at the coast.
Mr. Norman, of St. Paul, spent last week with relatives here.
Mr. C. Denton was an Edmonton visitor last week.
Mr. and Mrs. B. Young and family of Washington, are spending a few weeks at the home of Mr. and Mrs. L. G. Larson.
Mrs. E. Luther of Washington, is the guest of her daughter, Mrs. C. Freeman.
We are sorry to report that Mrs. Womack is quite ill.

An eastern cattlemen is planning to feed 4,000 head of cattle at the Edmonton stock yards this winter. Cattle fed outdoors there last winter brought a profitable return in the old country markets.

The name and figures on your label tell you the month and year your subscription is paid up to.

BUSINESS LOCALS

***Apples—\$1.55 per crate, at Abousarry & Sons.

***The Swedish Lutheran Ladies' Aid will give a chicken dinner in the U.F.A. hall at twelve o'clock and sale of articles in the afternoon on November 22nd.

***The Ladies Aid of the New Sweden church will hold a sale of fancy work and other articles on November 14th, at 8 o'clock sharp. Lunch will be served. Everybody welcome.

***A Baseball Dance will be held in the U.F.A. Hall, on Friday evening, November 21st. On this occasion, the Cherry Grove team will be presented with the Baseball Cup won by them during the 1924 season. Everybody welcome.

Your Low-Grade Wheat of This Year for "MAC'S BEST" Flour made from last year's wheat

We fortunately kept our elevator well stocked with last year's good milling wheat and can offer our customers "Mac's Best" of last season's good quality.

Pool members can exchange wheat to obtain a sufficient supply of flour for their own use.

Five Cents per Bushel over the Market Price for Your Wheat in Exchange for Flour.
